

Holloway Road Junction Improvements:

Daytime vehicle access on the Drayton Park/Holloway Rd; Ronalds Rd/Holloway Road and Fieldway Crescent/Holloway Rd junctions will be maintained throughout phases of works. There is one weekend overnight closure of Ronalds Rd required and a diversion via Fieldway Crescent will be put in place while this work is carried out. This is currently scheduled to take place towards the end of October.

Full closures of the Drayton Park/Holloway Rd and Fieldway Crescent/Holloway Rd junctions will take place overnight (approximately 8pm to 5am) as part of the Holloway Rd resurfacing phase of our works. These closures will take place over the course of two nights on each junction and are scheduled to take place at the end of February 2024. Diversions will be in place during the closures to facilitate vehicle entry & exit to the Highbury Fields neighbourhood. We will be sharing information on all closures with local residents and businesses in good time ahead of planned works.

Our current planned schedule of works requiring closures is as follows (please note these may be subject to change):

2023

September 13 – October 2

Holloway Rd – Drayton Park

Contra-flow traffic signals in place to maintain access/egress

October 21– 30

Holloway Rd – Ronalds Rd

One weekend overnight closure. Diversion via Fieldway Crescent

2024

February 23 – 26

Drayton Park

Two overnight (8pm – 5am) closures for re-surfacing. A diversion will be in place

February 26– 28

Ronalds Rd

Two overnight (8pm – 5am) closures for re-surfacing. A diversion will be in place.

February 28 – March 1

Fieldway Crescent

Two overnight (8pm – 5am) closures for re-surfacing. A diversion will be in place

March 1– 4

Fieldway Crescent

Two overnight (8pm – 5am) closures for re-surfacing. A diversion will be in place.
